Please get approval from your supervisor that your workload would permit deployment if you are interested.

Thank you for your consideration,

Patricia

Subject: RSC Request for Deployment - URGENT; Gold King Mine Spill

The REOC has been activated for the Gold King Mine Spill. This is an immediate activation of the R6 RSC.

The Region is requesting 30 EPA staff be immediately deployed to the Farmington NM area as community relations support. Deployment is for potentially a week (min 5 days deployment).

Preference is for a min of 24-hour HAZWOPER, and medical monitoring.

Please have staff, that have supervisor approval to deploy, email Michael Torres and cc Mikeal Adams and Susan Webster.

Thank you for you help! Susan
